Crime Data:

Key to reading the following page:

1. At the top left, you see overall statistics for the month. Total offenses and clearance rate refer to Group "A" offenses. Arrests refer to Group "A" and Group "B". This data is only for Carroll Valley Borough.
2. It also includes crime rates and arrest rates, however this calculation is not yet functioning on the PA State Police system, so they display as -0-. When working correctly, they will report in the national standard of per 100,000 population. As such, when it does calculate, it shows the rate as if the Carroll Valley population was 100,000. By doing this, it makes the rate comparable regardless of the size of the jurisdiction.
3. The column below on the left shows all Group "A" offenses. Offenses can be generally cleared by:
 - a. Arrest (by charging someone with the crime).
 - b. Victim Refused Prosecution = Prosecution limited by victim, or;
 - c. Exceptional Clearance = Charges could be filed but for cause are not.
4. In the center, NIBRS adds additional categories, and you can see how they compare year over year for the month reported.
5. On the right column, you first see a list of arrests for Group "A" offenses, divided into adults and juveniles.
6. At the bottom of the right column, Group "B" arrests are listed. As a major change in NIBRS reporting, Group "B" offenses are only listed when an arrest occurs. Unsolved Group "B" offenses are no longer reported.
7. Each NIBRS offense belongs to one of three categories: Crimes Against Persons, Crimes Against Property, and Crimes Against Society. Crimes Against Persons, e.g., murder, rape, and assault, are those whose victims are always individuals. The object of Crimes Against Property, e.g., robbery, bribery, and burglary, is to obtain money, property, or some other benefit. Crimes Against Society, e.g., gambling, prostitution, and drug violations, represent society's prohibition against engaging in certain types of activity; they are typically victimless crimes in which property is not the object.

FIRE/EMS/EMA REPORT

INTEROFFICE MEMORANDUM

TO: BOROUGH COUNCIL
FROM: GAYLE MARTHERS, BOROUGH SECRETARY
SUBJECT: REQUEST FROM AC DEPT OF EMERGENCY SVCS
DATE: 5/6/2022
CC: FILE

Mr. Bradley Kommeth, GIS Technician with Adams County Department of Emergency Services contacted the Borough regarding an update to the fire box boundaries of the Borough. He provided the following information:

Pennsylvania is currently in the process of transitioning to Next Generation 911 (NG-911). NG-911 is a national program which impacts how 911 calls are handled. The current fire box boundaries use a roughly 50-foot buffer from the nearest roadway; however, with the changes to NG-911 that is no longer considered to be a best practice. NG-911 takes into account that more people are calling from cell phones rather than landlines and has a built in GPS component to dispatch based on the location of the callers' initial phone call in addition to information provided by the caller. As a result of this, the County as well as local fire chiefs have been working on making it so that each parcel was entirely contained within a single fire box. This change ensures that the correct company gets dispatched to the person in need. The changes shown on this PDF are the suggestions made by the local fire chiefs and have just been compiled by the County. Having each parcel in only one fire box will be extremely beneficial for dispatching and emergency responses in addition to making it easier to compile data requests for municipalities as well.

Attached is the draft copy of the changes to Fairfield Box 2 which is within the Borough. These changes are a representation of what the fire chiefs from Fairfield and Fountaindale have decided upon. The red lines are the currently approved box boundaries, and the colored areas represent the new box boundaries following the adjustments.

Council approval is required in order to finalize the fire boxes.

Action Requested:

Motion to approve the NG-911 Fire Box for Fairfield Fire Box 2.

COMMITTEE REPORTS

Planning Meeting 05/02/2022

- Approval of April minutes
- Open to the public - none
- New Business - Property Maintenance
 - There was much discussion concerning the documents that had been circulated since the last meeting.
 - Direction was set to use the International Property Management Code (IPMC 2021) document as a starting point (Like Spring Grove appears to have done)
 - Only the first 3 chapters will be addressed as they cover the scope of safety, blight, and vehicles that is our current focus.
 - Attending members were asked to review chapters 1 and 2 in order to get a base mindset as to scope and definitions.
 - Chapter 3 will be reviewed and comments back to Gayle with the following schedule:
 - Sections 301 - 303 completed by 5/9
 - Sections 304 - 305 completed by 5/16
 - Sections 306 - 307 completed by 5/23
 - Sections 308 - 309 completed by 6/1
 - The intent is to eliminate (defer?) anything in the IPMC pertaining to aesthetics and add or modify areas concerning the initial topics
 - Dave will be asked to review Chapter 1 for accuracy and applicability.
- Old Business - none
- Adjourned

Respectfully Submitted,
Michael Wight, Chair

Funding Solutions

Update to Council

May 3, 2022

Memorandum

To: Carroll Valley Borough Council

From: GMS Funding Solutions (GMS)

PA SMALL WATER AND SEWER PROGRAM UPDATE

Carroll Valley Wastewater Treatment Facility Upgrades Project

Awarded: \$425,000

GMS has submitted the second reimbursement request (\$189,805). This request maximized the \$425,000 grant award. However, invoices and proofs of payment must be submitted through the completion of the project. The grant is set to expire on June 30, 2022, and it is anticipated the Project will be done before that timeframe. However, GMS has submitted an extension request on behalf of the Authority to account for any unforeseen delays that may occur for the project. The Authority executed the grant amendment.

Next Steps: The Authority should provide additional Applications for Payment and cancelled checks when available.

ADAMS COUNTY PARKS, RECREATION, AND GREEN SPACE GRANT PROGRAM

Carroll Valley Path System – Phase I

Awarded: \$25,000

The revised drawing and scope, along with an extension request, has been submitted to the County for review and consideration.

Next Steps: If the County approves the re-scope request, and once work commences, the Borough should forward project invoices and cancelled check payments to GMS for reimbursement submissions.

H2O PA – WATER SUPPLY, SANITARY SEWER, AND STORM WATER PROJECTS (H2O)

Wastewater Treatment Plant Upgrades

Awarded: \$700,000

The H2O grant expires on June 30, 2023. Once the Project has been bid, GMS will need copies of the public advertisement, bid responses, and bid tabulation. GMS submitted a reimbursement request for \$40,938. GMS is working with the reviewer to supply the additional requested documentation. The Authority and the Borough executed the cooperation agreement, which allows both entities to incur costs for the grant.

Next Steps: The Borough should continue to forward all engineering invoices and evidence of payments to GMS. Once the Project is bid, the Authority should move forward with project construction.

May 3, 2022

Due to the increase in costs for the Wastewater Treatment Plant project, GMS is looking into additional funding sources that may be a fit for this Project. GMS and the Borough are working to schedule an initial kick-off meeting with PENNVEST to discuss additional funding opportunities.

COVID-19 ARPA STATE AND LOCAL FISCAL RECOVERY FUNDS (SLFRF)

Request: \$206,303.02 (first tranche); \$206,303.02 (second tranche)

The Borough has decided to put all the SLFRF funds toward lost revenue; however, the funds have not been spent at this time. The first Project and Expenditure Report (Report) was due April 30, 2022. GMS assisted the Borough with completing and filing the Report, and it was submitted on April 22, 2022.

Next steps: The next report is due April 30, 2023.

BROADBAND INITIATIVE

Estimated project cost: \$171,503

Next Steps: GMS continues to review potential funding sources that may cover this initiative.

GREENWAYS, TRAILS AND RECREATION PROGRAM

Carroll Valley Borough Trail

Estimated project cost: \$239,375

GMS is drafting the Greenways, Trails and Recreation Program (GTRP) grant application. This is for the revised scope that was submitted to the County's Adams County Parks, Recreation, and GreenSpace Grant Program. It includes a trail loop by Skylark Trail in the Borough and is estimated to cost \$239,375. The grant request will be for \$200,000. A Resolution to Apply has been provided to the Borough, which will need to be approved prior to submission of the application. The grant is due on May 31, 2022.

Next Steps: Council to pass the Resolution to Apply, GMS to finalize the grant application.
