| **TYPE OF DRIVEWAY** - fees due with application: | Construction Driveway for Well Drilling $50.00 fee | Will the Construction Driveway be the Permanent Driveway? | YES |
| | New / Additional Driveway Access $50.00 fee | | NO |

SIZE OF DRIVEWAY (in feet)   width: length:

TYPE OF MATERIAL to be used on surface other than apron: STONE   ASPHALT   CONCRETE

- **Driveways shall not be located nearer than 10 feet to any side or rear lot line.**
- **Driveways may NOT run parallel with any public street within 20 feet of the edge of the street right-of-way.**
- **An approved drainage pipe and/or drainage ditch/swale must be installed.**
- **A Driveway Apron creating an impermeable surface from the edge of the road to the Right-of-Way is required.**
- **For construction driveway and/or new driveway the corners must be clearly staked for the review. If the reviewer is unable to view the staked corners, a permit will not be issued until this has been done.**
- **All driveways must be inspected after surface material is laid.**

To assure that water runoff does not adversely affect the Borough roads or any other property, the final decision regarding the size of drainpipe and the requirement for a swale will be made by the Borough. This review is <u>REQUIRED</u> for all New Driveways.
